Oil Only Sorbents

ENV Oil Sorbents are “contractor grade” oil sorbents ideal for environmental applications. They are comprised of the best available basic meltblown polypropylene. ENV Oil Sorbents are the obvious choice when you need low cost plus high performance.

When it’s time to clean up or remove oil on land or water, Zorbie Oil Sorbents are the best alternative. Convenient, lightweight and cost-effective, Zorbie Oil Sorbents are equally effective in soaking up petroleum based solvents and paints, vegetable oils, and other non-water soluble chemicals. They will not absorb water, will float indefinitely, are wringable, dustless, unaffected by temperature, flame resistant and impervious to both rot and mildew. Zorbie Oil Sorbents are easy to dispose of, the incinerate to less than 0.02% ash.

Item #	Description	Quantity
ZP150 ENV100	16”x20” Heavyweight Pad	100/Bale

ZP191 OIL430	3"x4' Oil Only Soc	30/Case
ZP192 OIL806	3"x8' Oil Only Soc	6/Case

Universal Sorbents

MRO PLUS™ is highly effective for cleanup and removal of oil and water-based liquids. A heavy weight, gray, 3-ply dimpled material combining thickness, strength and high absorbency, low-linting MRO Plus is suitable for virtually any industrial application.

Built for durability and high absorbency, the economical **High Traffic** sorbents are ideal for your busy problem areas. The **HT555** with its convenient dispenser box is a multi-use product: use it as a pad; a wipe; a roll; or a soc! Triple perfed lengthwise every 5" and single perfed cross-wise every 18" – it's always just the right size.
